

# Powder Horn 2018

## What is Powder Horn:

Powder Horn is a resource course designed to introduce Scouting's adults and youth to the exciting program possibilities for their unit. The course supports the mission of strengthening units so they can achieve the mission of the Boy Scouts of America. The goal is for the participants to leave with a list of ideas to help their program, along with contacts and resources needed to implement them. This will lead to a more exciting and robust program, which in turn should lead to increased membership and a higher retention rate in our units.
