Frequently Asked Questions

There are five stages in the Internet Rechartering process:

Stage 1 Load Roster	You choose whether to load the unit information either from the council or upload your unit record information from PackMaster/TroopMaster, Rank N' File, Scoutmate, or ScoutSoft.
Stage 2 Update Roster	You select the members you wish to renew, promote members, add new members, edit member information, and review the adult positions required in your unit.
Stage 3 Check Roster	Internet Rechartering automatically checks the roster against the BSA rules for membership. You make any corrections necessary.
Stage 4 Summary	You complete a final review of the membership roster and fees and make any final changes.
Stage 5 Submit Roster	You submit your final roster and print your Charter Renewal Packet for submittal to your council.

Internet Rechartering is available until the Last Submit Date shown above.

You may leave the process and return later. Internet Rechartering will save your work, and you will begin at the beginning of the stage you were in when you left.

We recommend that you gather all the required information, including new member applications with appropriate signatures, before beginning this process. You must complete Internet Rechartering on a computer connected to a printer.

This page has two parts. The first part presents a list of units from your community organization family from which you can promote members. You can only select one unit at a time. You may change your selection by clicking another radio button.

The second part allows you to promote members from a unit that is not in your community organization family. You must use the text boxes to enter the Access Code, Unit Type, and four-digit Unit Number and click the Next button. This unit must have the same expiration date as your unit. If you click a button for a unit in your community organization family, the text box option will disappear from the Screen. You can return to Promote Members later if you decide you require the text boxes or you want to select other units shown.

If your own unit is shown, it can be selected to promote an age-eligible youth member to an adult leader position (such as an 18-year old youth to assistant Scoutmaster).

If you want to promote members from a unit that is not in your community organization family enter the Access Code, Unit Type, and four-digit Unit Number for this unit and click the Next button. To be valid, the entered unit must have the same expiration date as your unit.

If you do not have the Access Code, please follow your council's instructions.

Step 3 of 6 : Select Members for Promotion

Source of Unit Promotion: Troop 0103

Below is the current roster for the unit from which you are promoting. Please select the **Promote** check box for any members you want to promote. This includes any age-eligible "youth" members from your unit who will become registered adults in your renewed unit.

The box is also to be checked for those being promoted who are non-paid members (fee status will be determined later). When you are finished, please click the Next button at the bottom of the page to save your selections.

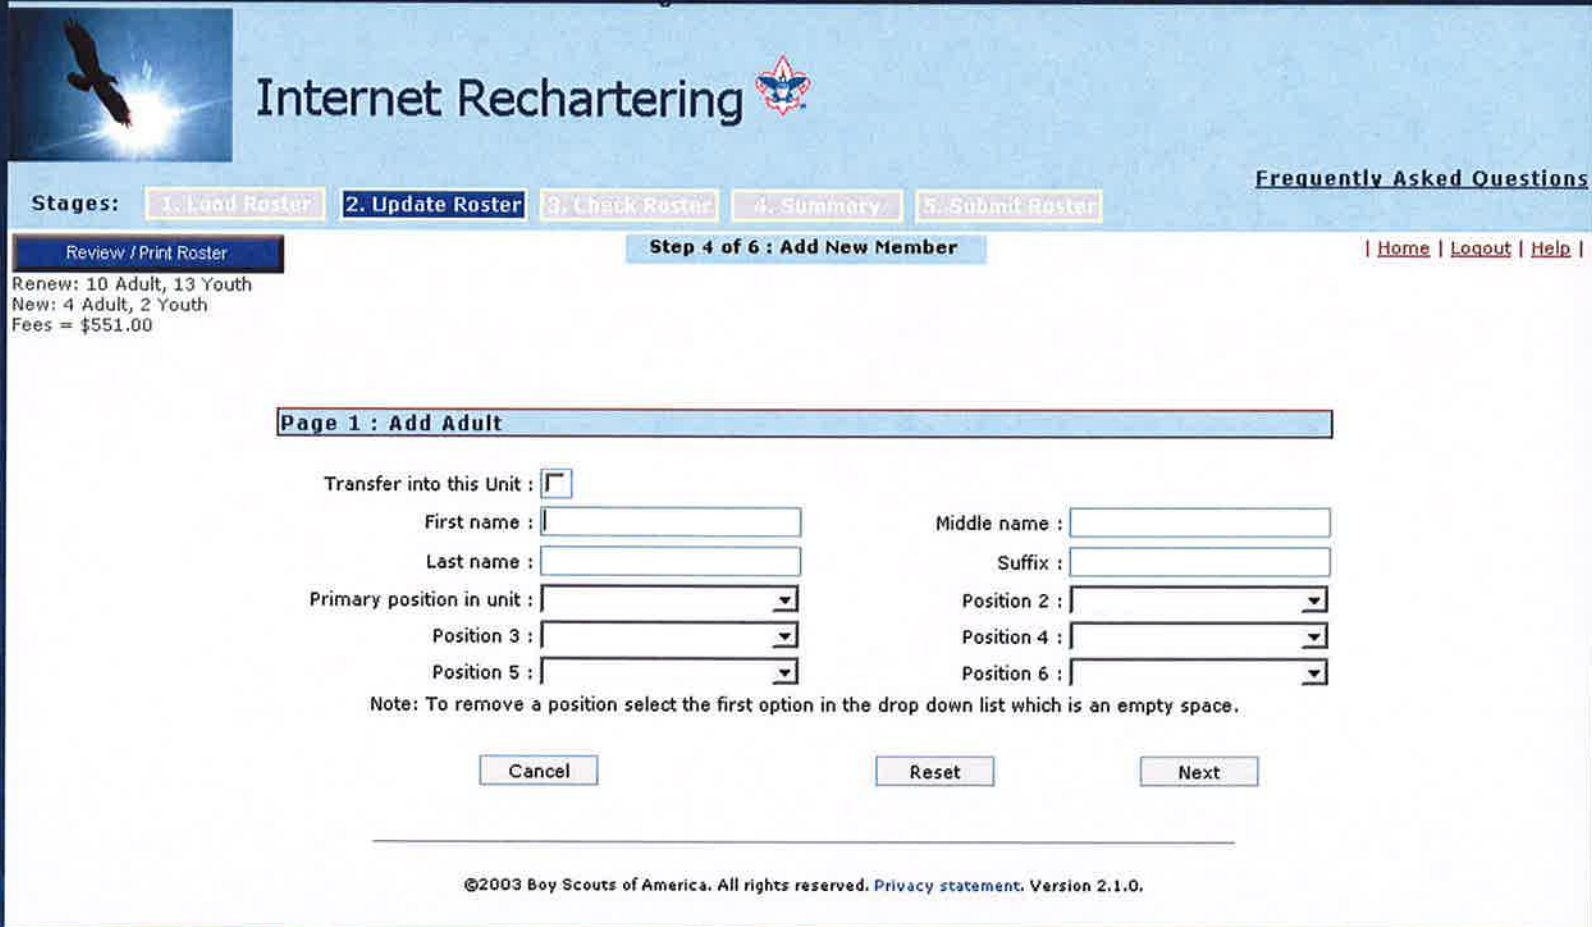

If you see adults who are currently in your unit, it is because they are also in the unit you selected. They cannot be renewed through Promote Members. The renewal of your unit adults must be done in Step 2: Select Members for Renewal.

Promote	Name	Adult	Birthdate	Age
---------	------	-------	-----------	-----

Once the unit is selected and members eligible for promotion are listed, the promoting unit checks the Promote box to complete the promotion. The original unit does not renew the member if member is leaving unit.

Step 2 of 2: Membership Inventory

Select the required unit contact response from the drop down box below to indicate that each non-renewed member in the grid below was contacted. Your choices on Contacted are Yes, No, or Don't Know. Make this selection before updating the reasons in the grid.

Has each non-renewed member been contacted (includes contacts made with Parent)?

To begin, click Edit by each name and then from the drop down select the most appropriate of the six reasons listed for the youth member not renewing as a youth member. When your selection is made, click Update. You may Cancel the selection, click Edit, and make another selection. You may change a selection previously made by clicking Edit, selecting another reason, and Update. If you wish to have record of the responses given, make notes before your unit renewal is submitted as this information may not be viewed after submittal.

In the data grid below are the youth members who have not been renewed. Use the data grid's scroll bar to view all members. **Click Edit and select one reason why each youth member did not renew.**

The reasons are:

1. Changed programs (e.g. moved from Cub Scouts to Boy Scouts or Boy Scouts to Venturing)
2. Too old for program (e.g. over 18 for Boy Scouts or over 21 for Venturing)
3. Changed units within the same city/town
4. Moved to another city/town
5. Stopped coming to meetings/lost interest/busy with other activities
6. Some other reason not listed above

Membership Inventory provides a means to give a reason to each youth member who was not selected for renewal, ranging from too old for program to moved away. This information is shared with councils for follow-up with youth to encourage a continued Scouting experience.
